

COFFEE BEAN OIL

SECTION 1: Identification

| | |
|------------------|---------------------------------|
| Name of product: | Coffee bean oil |
| CAS: | 84650 - 00 - 0 |
| EINECS: | 283 - 481 - 1 |
| INCI: | <i>Coffea arabica Seed oil.</i> |
| Use Ingredient | for cosmetic use. |

SECTION 2: hazards identification:

According to the EU, this product has not been classified as dangerous.

Classification system: Regulation 1272/2008 y Directive 67/548/CEE y 1999/45/CE.

SECTION 3: Composition/Ingredient Information:

| | |
|--------------------------------|--------------------|
| Product: | 100% vegetable oil |
| Hazardous components: | None |
| Allergens Cosmetics directive: | 2003/15/CE |
| Allergens: | None |

SECTION 4: First aid measures

Eye Contact: Flush eyes with plenty of water for several minutes.

If irritation persists seek medical attention.

Skin contact: Do not produce skin irritation. Wash with soap and water.

Ingestion: First aid is not generally required.

Seek medical attention if any unusual symptoms occur.

Excessive Inhalation: First aid is not generally required.

SECTION 5: Firefighting measures

Extinguishing Media: Foam, dry chemical, carbon dioxide.

Extinction Procedure: Limit the spread of oil. Treat as an oil (edible fat) fire. Use air supplied equipment for fighting interior fires.

Provide eye and respiratory protection to personnel exposed to smoke and fumes.

SECTION 6: Accidental release measures

Personal protection: Section 8.

Environmental protection:

Do not discharge product into a watercourse, drains or leaking into the environment

Methods for cleaning up:

Collect spilled material with sand or other suitable absorbent and remove. Placing the product and contaminated absorbent in suitable containers as indicated in section 13

SECTION 7: Handling and storage

Handling: Keep container closed and dry. Protect from light / sunlight. Prevent splashes and spills to prevent fall hazards
Storage: Avoid spillage and soil penetration. Store product at room temperature maximum in well-ventilated environment and keep away from sources of ignition. Provide the appropriate mechanical equipment for the safe handling of drums and heavy packages. Electrical equipment and fittings must comply with local legislation.

SECTION 8: Exposure control/ Personal protection

Exposure limit values (INRS ND 2098), Directives 91/322 / EC and 2000/39 / EC
Unregulated
Control of exposure (Article 4 Directive 98/24 / EC)
Respiratory Protection: No special protection is required.
Hand Protection: No special protection is required.
Eye Protection: No special protection is required.
Skin Protection: No special protection is required.

SECTION 9: Physical and chemical properties

Appearance: Green to brown liquid.
Odour: Characteristic.
Specific gravity: 0.928- 0.952 Flash
Point: + 100 ° C

SECTION 10: Stability and reactivity

Conditions to avoid: Do not expose to high temperatures. Do not expose to the sun closed recipients. Avoid sources of ignition. Avoid heating to more than 60° for cosmetic use.
Decomposition: Avoid contact with oxidants such as liquid chlorine, concentrated oxygen.

SECTION 11: Toxicological information

Acute oral toxicity: In compliance with the general purpose and suitable amounts no negative impacts are expected.
Acute dermal toxicity: In compliance with the general purpose and suitable amounts no negative impacts are expected.
Respiratory Acute toxicity: In compliance with the general purpose and suitable amounts no negative impacts are expected.
Carcinogenicity: Not listed as a carcinogen.
Mutagenicity: Not classified as mutagenic.
Teratogenicity: No risk likely.

SECTION 12: Ecological information

Ecological information: No ecological hazards are associated with this product. Biodegradability: Completely biodegradable but rich in DBO

SECTION 13: Disposal Considerations

Waste Disposal Methods: Do not put into sewer lines. Dispose of according to local, state and federal regulations.

SECTION 14: Transport information

This product is not hazardous for transport.

SECTION 15: Regulatory information

EC: This material is not classified as Dangerous according to the health and physical properties criteria of the EU Directives on the classification of substances and preparation.

SECTION 16: Additional information

This information is provided for documentation purposes only. This product is not considered hazardous.
