

## SAFETY DATA SHEET

### Helichrysum Splendidum Hydrosol

#### Section 1 – Product Information

##### 1.1. Product identifier

Product Name: Helichrysum Splendidum Hydrosol  
Botanical Name: Helichrysum splendidum

##### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant uses: Raw material for product formulation. For cosmetic use only.

Uses advised against: All uses not specified in this section or in section 7.3

#### Section 2 – Hazards Identification

Health = 0 flammability= 0 reactivity= 0 personal protection=0

4= extreme 3=high 2=moderate 1=slight 0= no significant hazard

None needed as concerned liquid is non-flammable

#### Section 3 – Composition/information on ingredients

None, the product is 99.75% distilled water.

#### Section 4 – First aid measures

N/A

#### Section 5 – Firefighting measures

Flashpoint: none

Stability: stable under normal conditions

Non flammable

water/fog

carbon dioxide

foam

dry chemical

None needed as concerned liquid is non-flammable

## Section 6 – Accidental release measures

Respiratory protection:	Not necessary.
Eye protection:	Not necessary.
Skin protection:	Not necessary.
Ventilation:	Not necessary.

## Section 7 – Handling and storage

Handle according to good safety procedures, store in fully closed containers away from heat and light.  
Store in a cool area.

## Section 8 – Exposure Controls / Personal Protection

Respiratory protection:	Not necessary.
Eye protection:	Not necessary.
Skin protection:	Not necessary.
Ventilation:	Not necessary.

Threshold limit value (tlv): N/F

effects of overexposure: None.

osha permissible exposure limit : N/F

Has substance been listed as a carcinogen N/F

## Section 9 – Physical/Chemical Properties

Appearance: light colourless liquid.

Specific gravity: as water.

Boiling point: as water.

Melting point: none

vapour pressure: none

Vapour density: none

evaporation rate: as water.

Solubility in water: yes

## Section 10 – Stability & Reactivity

### **Hazardous combustion/decomposition product:**

Non – combustable

### **Hazardous polymerization of product:**

Does not occur.

### **Conditions and materials to avoid:**

Avoid high temperatures

Transportation in aluminium preferable

## Section 11 – Toxicological information

None, the product is 99.75% distilled water.

Inhalation: no affect.

Eye contact: no affect.

Skin contact: no affect.

Ingestion: no affect.

## Section 12 – Ecological Information

N/A

## Section 13 – Disposal Considerations

Follow state, local and federal laws.

## Section 14 – Transport Information

Handle according to good safety procedures, store in fully closed containers away from heat and light.

Store in a cool area.

## Section 15 – Regulatory Information

N/A
